Draft Response to AVX letter re TSCA Determination redline 10.17.2016.docx

Attached is a redline version so you can see the changes and responses to comments from all and an almost clean one version (still has Draft and watermark).

Please make any final comments on the almost clean version, or if no further comments, please let me know. Thanks

I agree we should share a draft with the State...Ginny do you want to be the one to send it once we get a final clean version, hopefully tomorrow?
